

MAMAZA -

THE NIKEL PROJECT
songs & poems

Technical Rider

The Technical Rider is part of the contract and subject to change.

Stage:

- A stage on ground level starting directly in front of the 1st row. Minimum size 12m width by 12m depth.
- Grey Mali floor for the entire stage. Ideally the panels run upstage to downstage and are taped with clear Mali-tape.
- 1 Traveler for our curtain of a min. length of 11m. We need to be able to move the curtain by pulling it directly.
- 1 wooden bench (ca. 150cm width * 25cm depth * 40cm height).

Sound:

- 5 single addressed full range speaker.
- 1 PZM / pressure zone microphone (z.B. Shure BETA-91A)
- 1 digital sound desk. Effects and at least 5 bus needed (i.e. Yamaha 01v96)

Light:

- min. 54 dimmer channels
- 19 * Fresnel 1KW (or PC 1KW filtered R119 frost)
- 27 * asym. Cyc lights 1KW (3-Cells would be preferred)
- Enough Gel L202 for Cycs and Fresnels/PCs (if necessary also R119)
